Asian School of Cyber Laws

1. We have assisted the Government of India in framing draft rules and regulations under the Information Technology Act.

2. Law enforcement personnel in India and abroad extensively use our Cyber Crime Investigation Manual. This was one of the first of its kind manuals in the world. Times of India (the world's largest selling English newspaper) has referred to it as a bible for Cyber Crime Investigators.

3. We have assisted the Controller of Certifying Authorities in drafting regulations relating to the recognition of foreign certifying authorities.

4. A public interest litigation filed by our students led to the appointment of Adjudicating Officers to decide the fate of cyber crime cases.
5. We have assisted the Indian Army, various branches of the Indian police and the Central Bureau of Investigation in matters relating to cyber investigation.

6. We were part of the Organizing Committee for the World Congress on Informatics and Law at Spain (2002), Cuba (2003) and Peru (2004).

8. We conducted the c4 - Conference on Cyber Crime Control, 2015 co-organized by Home Dept, Govt. of Maharashtra, Mumbai Police, IIT Bombay.

9. We maintain the Global Cyber Law Database, an online repository of cyber related laws of major countries around the globe.

10. We developed the world’s smallest cyber crime investigation device code-named pCHIP.

11. Thousands of students have benefitted from our free online programs in cyberlaw, intellectual property law and Data Privacy Law in India.

12. We have provided academic support to the National Consultation meeting on Enforcement of Cyber Law organized by National Project Committee on Enforcement of Cyber Law (Supreme Court of India).
