Annexure 2: Government order dated March 14, 2019

Section 1: Overview

1.1. Introduction

1.1.1 The Directives as outlined below provide a general background and summary of the main provisions of the applicable anti-money laundering and anti-terrorist financing legislations in India. They also provide guidance on the practical implications of the Prevention of Money Laundering Act, 2002 (**PMLA**). The Directives also set out the steps that a registered intermediary or its representatives shall implement to discourage and to identify any money laundering or terrorist financing activities. The relevance and usefulness of these Directives will be kept under review and it may be necessary to issue amendments from time to time.

1.1.2 These Directives are intended for use primarily by intermediaries registered under Section 12 of the Securities and Exchange Board of India Act, 1992 (**SEBI Act**). While it is recognized that a “one- size-fits-all” approach may not be appropriate for the securities industry in India, each registered intermediary shall consider the specific nature of its business, organizational structure, type of clients and transactions, etc. when implementing the suggested measures and procedures to ensure that they are effectively applied. The overriding principle is that they shall be able to satisfy themselves that the measures taken by them are adequate, appropriate and abide by the spirit of such measures and the requirements as enshrined in the PMLA.

1.2. Background

1.2.1 The PMLA came into effect from 1st July 2005. Necessary Notifications / Rules under the said Act were published in the Gazette of India on 1st July, 2005 by the Department of Revenue, Ministry of Finance, Government of India. The PMLA has been further amended vide notification dated March 6, 2009 and inter alia provides that violating the prohibitions on manipulative and deceptive devices, insider trading and substantial acquisition of securities or control as prescribed in Section 12 A read with Section 24 of the Securities and Exchange Board of India Act, 1992 (SEBI Act) will now be treated as a scheduled offence under schedule B of the PMLA.

1.2.2 As per the provisions of the PMLA, every banking company, financial institution (which includes chit fund company, a co-operative bank, a housing finance institution and a non-banking financial company) and intermediary (which includes a stock-broker, sub-broker, share transfer agent, banker to an issue, trustee to a trust deed, registrar to an issue, merchant banker, underwriter, portfolio manager, investment adviser and any other intermediary associated with securities market and registered under Section 12 of the SEBI Act , shall have to maintain a record of all the transactions; the nature and value of which has been prescribed in the Rules under the PMLA. Such transactions include;

- i. All cash transactions of the value of more than ₹ 10 lakh or its equivalent in foreign currency.
- ii. All series of cash transactions integrally connected to each other which have been valued below ₹ 10 lakh or its equivalent in foreign currency where such series of transactions have taken place within a month and the monthly aggregate exceeds an amount of ten lakh rupees or its equivalent in foreign currency
- iii. All suspicious transactions whether or not made in cash and including, inter-alia, credits or debits into from any non-monetary account such as demat account, security account maintained by the registered intermediary.

1.2.3 It may, however, be clarified that for the purpose of suspicious transactions reporting, apart from ‘transactions integrally connected’, ‘transactions remotely connected or related’ shall also be considered. In case there is a variance in CDD/AML standards prescribed by SEBI and the regulators of the host country, branches/overseas subsidiaries of intermediaries are required to adopt the more stringent requirements of the two.

1.3. Policies and Procedures to Combat Money Laundering and Terrorist financing

1.3.1 Essential Principles:

1.3.1.1 These Directives have taken into account the requirements of the PMLA as applicable to the intermediaries registered under Section 12 of the SEBI Act. The detailed Directives in Section II have outlined relevant measures and procedures to guide the registered intermediaries in preventing ML and TF. Some of these suggested measures and procedures may not be applicable in every circumstance. Each intermediary shall consider carefully the specific nature of its business, organizational structure, type of client and transaction, etc. to satisfy itself that the measures taken by it are adequate and appropriate and follow the spirit of the suggested measures in Section II and the requirements as laid down in the PMLA.

1.3.2 Obligation to establish policies and procedures:

1.3.2.1 Global measures taken to combat drug trafficking, terrorism and other organized and serious crimes have all emphasized the need for financial institutions, including securities market intermediaries, to establish internal procedures that effectively serve to prevent and impede money laundering and terrorist financing. The PMLA is in line with these measures and mandates that all intermediaries ensure the fulfillment of the aforementioned obligations.

1.3.2.2 To be in compliance with these obligations, the senior management of a registered intermediary shall be fully committed to establishing appropriate policies and procedures for the prevention of ML and TF and ensuring their effectiveness and compliance with all relevant legal and regulatory requirements. The Registered Intermediaries shall:

- a) issue a statement of policies and procedures, on a group basis where applicable, for dealing with ML and TF reflecting the current statutory and regulatory requirements
- b) ensure that the content of these Directives are understood by all staff members

- c) regularly review the policies and procedures on the prevention of ML and TF to ensure their effectiveness. Further, in order to ensure the effectiveness of policies and procedures, the person doing such a review shall be different from the one who has framed such policies and procedures
- d) adopt client acceptance policies and procedures which are sensitive to the risk of ML and TF
- e) undertake client due diligence (“**CDD**”) measures to an extent that is sensitive to the risk of ML and TF depending on the type of client, business relationship or transaction
- f) have in system a place for identifying, monitoring and reporting suspected ML or TF transactions to the law enforcement authorities; and
- g) develop staff members’ awareness and vigilance to guard against ML and TF

1.3.2.3 Policies and procedures to combat ML shall cover:

- a) Communication of group policies relating to prevention of ML and TF to all management and relevant staff that handle account information, securities transactions, money and client records etc. whether in branches, departments or subsidiaries;
- b) Client acceptance policy and client due diligence measures, including requirements for proper identification;
- c) Maintenance of records;
- d) Compliance with relevant statutory and regulatory requirements;
- e) Co-operation with the relevant law enforcement authorities, including the timely disclosure of information; and
- f) Role of internal audit or compliance function to ensure compliance with the policies, procedures, and controls relating to the prevention of ML and TF, including the testing of the system for detecting suspected money laundering transactions, evaluating and checking the adequacy of exception reports generated on large and/or irregular transactions, the quality of reporting of suspicious transactions and the level of awareness of front line staff, of their responsibilities in this regard. The internal audit

function shall be independent, adequately resourced and commensurate with the size of the business and operations, organization structure, number of clients and other such factors

Section 2: Detailed Directives

2.1. Written Anti Money Laundering Procedures

2.1.1 Each registered intermediary shall adopt written procedures to implement the anti-money laundering provisions as envisaged under the PMLA. Such procedures shall include inter alia, the following three specific parameters which are related to the overall '**Client Due Diligence Process**':

- a) Policy for acceptance of clients
- b) Procedure for identifying the clients
- c) Transaction monitoring and reporting especially Suspicious Transactions Reporting (STR).

2.2. Client Due Diligence (CDD)

2.2.1 The CDD measures comprise the following:

- a) Obtaining sufficient information in order to identify persons who beneficially own or control the securities account. Whenever it is apparent that the securities acquired or maintained through an account are beneficially owned by a party other than the client, that party shall be identified using client identification and verification procedures. The beneficial owner is the natural person or persons who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted. It also incorporates those persons who exercise ultimate effective control over a legal person or arrangement
- b) Verify the client's identity using reliable, independent source documents, data or information
- c) Identify beneficial ownership and control, i.e. determine which individual(s) ultimately own(s) or control(s) the client and/or the person on whose behalf a transaction is being conducted -

i. ¹**For clients other than individuals or trusts:** Where the client is a person other than an individual or trust, viz., company, partnership or unincorporated association/body of individuals, the intermediary shall identify the beneficial owners of the client and take reasonable measures to verify the identity of such persons, through the following information:

aa) The identity of the natural person, who, whether acting alone or together, or through one or more juridical person, exercises control through ownership or who ultimately has a controlling ownership interest.

Explanation: Controlling ownership interest means ownership of/entitlement to:

- i. more than 25% of shares or capital or profits of the juridical person, where the juridical person is a company;
- ii. more than 15% of the capital or profits of the juridical person, where the juridical person is a partnership; or
- iii. more than 15% of the property or capital or profits of the juridical person, where the juridical person is an unincorporated association or body of individuals.

bb) In cases where there exists doubt under clause (aa) above as to whether the person with the controlling ownership interest is the beneficial owner or where no natural person exerts control through ownership interests, the identity of the natural person exercising control over the juridical person through other means.

Explanation: Control through other means can be exercised through voting rights, agreement, arrangements or in any other manner.

¹CIR/ MIRSD/2/ 2013 dated January 24, 2013

- cc) Where no natural person is identified under clauses (aa) or (bb) above, the identity of the relevant natural person who holds the position of senior managing official.
- ii. **For client which is a trust:** Where the client is a trust, the intermediary shall identify the beneficial owners of the client and take reasonable measures to verify the identity of such persons, through the identity of the settler of the trust, the trustee, the protector, the beneficiaries with 15% or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.
- iii. **Exemption in case of listed companies:** Where the client or the owner of the controlling interest is a company listed on a stock exchange, or is a majority-owned subsidiary of such a company, it is not necessary to identify and verify the identity of any shareholder or beneficial owner of such companies.
- iv. **Applicability for foreign investors:** Intermediaries dealing with foreign investors' may be guided by the clarifications issued vide SEBI circulars [CIR/MIRSD/11/2012](#) dated September 5, 2012 and [CIR/ MIRSD/ 07/ 2013](#) dated September 12, 2013, for the purpose of identification of beneficial ownership of the client.
- v. The Stock Exchanges and Depositories shall monitor the compliance of the aforementioned provision on identification of beneficial ownership through half-yearly internal audits. In case of mutual funds, compliance of the same shall be monitored by the Boards of the Asset Management Companies and the Trustees and in case of other intermediaries, by their Board of Directors
- d) Verify the identity of the beneficial owner of the client and/or the person on whose behalf a transaction is being conducted, corroborating the information provided in relation to (c).
- e) Understand the ownership and control structure of the client. .

- f) Conduct ongoing due diligence and scrutiny, i.e. Perform ongoing scrutiny of the transactions and account throughout the course of the business relationship to ensure that the transactions being conducted are consistent with the registered intermediary's knowledge of the client, its business and risk profile, taking into account, where necessary, the client's source of funds; and
- g) Registered intermediaries shall periodically update all documents, data or information of all clients and beneficial owners collected under the CDD process.

2.2.2 Policy for acceptance of clients:

2.2.2.1 All registered intermediaries shall develop client acceptance policies and procedures that aim to identify the types of clients that are likely to pose a higher than average risk of ML or TF. By establishing such policies and procedures, they will be in a better position to apply client due diligence on a risk sensitive basis depending on the type of client business relationship or transaction. In a nutshell, the following safeguards are to be followed while accepting the clients:

- a) No account is opened in a fictitious / benami name or on an anonymous basis.
- b) Factors of risk perception (in terms of monitoring suspicious transactions) of the client are clearly defined having regard to clients' location (registered office address, correspondence addresses and other addresses if applicable), nature of business activity, trading turnover etc. and manner of making payment for transactions undertaken. The parameters shall enable classification of clients into low, medium and high risk. Clients of special category (as given below) may, if necessary, be classified even higher. Such clients require higher degree of due diligence and regular update of Know Your Client (**KYC**) profile.
- c) Documentation requirements and other information to be collected in respect of different classes of clients depending on the perceived risk and having regard to the requirements of Rule 9 of the PML Rules, Directives and Circulars issued by SEBI from time to time.

- d) Ensure that an account is not opened where the intermediary is unable to apply appropriate CDD measures/ KYC policies. This shall apply in cases where it is not possible to ascertain the identity of the client, or the information provided to the intermediary is suspected to be non - genuine, or there is perceived non - co-operation of the client in providing full and complete information. The market intermediary shall not continue to do business with such a person and file a suspicious activity report. It shall also evaluate whether there is suspicious trading in determining whether to freeze or close the account. The market intermediary shall be cautious to ensure that it does not return securities of money that may be from suspicious trades. However, the market intermediary shall consult the relevant authorities in determining what action it shall take when it suspects suspicious trading.
- e) The circumstances under which the client is permitted to act on behalf of another person / entity shall be clearly laid down. It shall be specified in what manner the account shall be operated, transaction limits for the operation, additional authority required for transactions exceeding a specified quantity/value and other appropriate details. Further the rights and responsibilities of both the persons i.e. the agent- client registered with the intermediary, as well as the person on whose behalf the agent is acting shall be clearly laid down. Adequate verification of a person's authority to act on behalf of the client shall also be carried out.
- f) Necessary checks and balance to be put into place before opening an account so as to ensure that the identity of the client does not match with any person having known criminal background or is not banned in any other manner, whether in terms of criminal or civil proceedings by any enforcement agency worldwide
- g) The CDD process shall necessarily be revisited when there are suspicions of money laundering or financing of terrorism (ML/FT).

2.2.3 Risk-based Approach:

2.2.3.1 It is generally recognized that certain clients may be of a higher or lower risk category depending on the circumstances such as the client's background, type of business relationship or transaction etc. As such, the registered intermediaries shall apply each of the client due diligence measures on a risk sensitive basis. The basic principle enshrined in this approach is that the registered intermediaries shall adopt an enhanced client due diligence process for higher risk categories of clients. Conversely, a simplified client due diligence process may be adopted for lower risk categories of clients. In line with the risk-based approach, the type and amount of identification information and documents that registered intermediaries shall obtain necessarily depend on the risk category of a particular client.

2.2.3.2 Further, low risk provisions shall not apply when there are suspicions of ML/FT or when other factors give rise to a belief that the customer does not in fact pose a low risk

2.2.3.3 Risk Assessment²

- a) Registered intermediaries shall carry out risk assessment to identify, assess and take effective measures to mitigate its money laundering and terrorist financing risk with respect to its clients, countries or geographical areas, nature and volume of transactions, payment methods used by clients, etc. The risk assessment shall also take into account any country specific information that is circulated by the Government of India and SEBI from time to time, as well as, the updated list of individuals and entities who are subjected to sanction measures as required under the various United Nations' Security Council Resolutions (these can be accessed at the URL - http://www.un.org/sc/committees/1267/aq_sanctions_list.shtml and <http://www.un.org/sc/committees/1988/list.shtml>)

²SEBI Circular No. CIR/ MIRSD/ 1/ 2014 dated March 12, 2014

- b) The risk assessment carried out shall consider all the relevant risk factors before determining the level of overall risk and the appropriate level and type of mitigation to be applied. The assessment shall be documented, updated regularly and made available to competent authorities and self-regulating bodies, as and when required.

2.2.4 Clients of special category (CSC): Such clients shall include the following:

- a) Non - resident clients
- b) High net-worth clients,
- c) Trust, Charities, Non-Governmental Organizations (NGOs) and organizations receiving donations
- d) Companies having close family shareholdings or beneficial ownership
- e) Politically Exposed Persons (PEP) are individuals who are or have been entrusted with prominent public functions in a foreign country, e.g., Heads of States or of Governments, senior politicians, senior government/judicial/military officers, senior executives of state-owned corporations, important political party officials, etc. The additional norms applicable to PEP as contained in the subsequent para 2.2.5 of this circular shall also be applied to the accounts of the family members or close relatives of PEPs.
- f) Companies offering foreign exchange offerings
- g) Clients in high risk countries. While dealing with clients from or situate in high risk countries or geographic areas or when providing delivery of services to clients through high risk countries or geographic areas i.e. places where existence or effectiveness of action against money laundering or terror financing is suspect, intermediaries apart from being guided by the Financial Action task Force (FATF) statements that inter alia identify such countries or geographic areas that do not or insufficiently apply the FATF Recommendations, published by the FATF on its website (www.fatf-gafi.org) from time to time, shall also independently access and consider other publicly available information along with any other information which they may have access to.

However, this shall not preclude intermediaries from entering into legitimate transactions with clients from or situate in such high risk countries and geographic areas or delivery of services through such high risk countries or geographic areas.

- h) Non face to face clients
- i) Clients with dubious reputation as per public information available etc.

The above mentioned list is only illustrative and the intermediary shall exercise independent judgment to ascertain whether any other set of clients shall be classified as CSC or not.

2.2.5 Client identification procedure:

2.2.5.1 The KYC policy shall clearly spell out the client identification procedure to be carried out at different stages i.e. while establishing the intermediary – client relationship, while carrying out transactions for the client or when the intermediary has doubts regarding the veracity or the adequacy of previously obtained client identification data.

Intermediaries shall be in compliance with the following requirements while putting in place a Client Identification Procedure (**CIP**):

- a) All registered intermediaries shall proactively put in place appropriate risk management systems to determine whether their client or potential client or the beneficial owner of such client is a politically exposed person. Such procedures shall include seeking relevant information from the client, referring to publicly available information or accessing the commercial electronic databases of PEPS. Further, the enhanced CDD measures as outlined in clause 2.2.5 shall also be applicable where the beneficial owner of a client is a PEP.
- b) All registered intermediaries are required to obtain senior management approval for establishing business relationships with PEPs. Where a client has been accepted and the client or beneficial owner is subsequently found to be, or subsequently becomes a PEP, registered

intermediaries shall obtain senior management approval to continue the business relationship.

- c) Registered intermediaries shall also take reasonable measures to verify the sources of funds as well as the wealth of clients and beneficial owners identified as PEP.
- d) The client shall be identified by the intermediary by using reliable sources including documents / information. The intermediary shall obtain adequate information to satisfactorily establish the identity of each new client and the purpose of the intended nature of the relationship.
- e) The information must be adequate enough to satisfy competent authorities (regulatory / enforcement authorities) in future that due diligence was observed by the intermediary in compliance with the directives. Each original document shall be seen prior to acceptance of a copy.
- f) Failure by prospective client to provide satisfactory evidence of identity shall be noted and reported to the higher authority within the intermediary

2.2.5.2 SEBI has prescribed the minimum requirements relating to KYC for certain classes of registered intermediaries from time to time as detailed in Schedule II. Taking into account the basic principles enshrined in the KYC norms which have already been prescribed or which may be prescribed by SEBI from time to time, all registered intermediaries shall frame their own internal directives based on their experience in dealing with their clients and legal requirements as per the established practices.

Further, the intermediary shall conduct ongoing due diligence where it notices inconsistencies in the information provided. The underlying objective shall be to follow the requirements enshrined in the PMLA, SEBI Act and Regulations, directives and circulars issued thereunder so that the intermediary is aware of the clients on whose behalf it is dealing.

2.2.5.3 Every intermediary shall formulate and implement a CIP which shall incorporate the requirements of the PML Rules Notification No. 9/2005 dated July 01, 2005 (as amended from time to time), which notifies rules for maintenance of records of the nature and value of transactions, the procedure and manner of maintaining and time for furnishing of information and verification of records of the identity of the clients of the banking companies, financial institutions and intermediaries of securities market and such other additional requirements that it considers appropriate to enable it to determine the true identity of its clients.

2.2.5.4 It may be noted that irrespective of the amount of investment made by clients, no minimum threshold or exemption is available to registered intermediaries (brokers, depository participants, AMCs etc.) from obtaining the minimum information/documents from clients as stipulated in the PML Rules/ SEBI Circulars (as amended from time to time) regarding the verification of the records of the identity of clients. Further no exemption from carrying out CDD exists in respect of any category of clients. In other words, there shall be no minimum investment threshold/ category-wise exemption available for carrying out CDD measures by registered intermediaries. This shall be strictly implemented by all intermediaries and non-compliance shall attract appropriate sanctions.

2.2.6 Reliance on third party for carrying out Client Due Diligence (CDD)³

2.2.6.1 Registered intermediaries may rely on a third party for the purpose of

- identification and verification of the identity of a client and
- Determination of whether the client is acting on behalf of a beneficial owner, identification of the beneficial owner and verification of the identity of the beneficial owner. Such third party shall be regulated, supervised or monitored for, and have measures in place for compliance with CDD and

³SEBI Circular No. CIR/ MIRSD/ 1/ 2014 dated March 12, 2014

record-keeping requirements in line with the obligations under the PML Act.

2.2.6.2 Such reliance shall be subject to the conditions that are specified in Rule 9 (2) of the PML Rules and shall be in accordance with the regulations and circulars/ guidelines issued by SEBI from time to time. Further, it is clarified that the registered intermediary shall be ultimately responsible for CDD and undertaking enhanced due diligence measures, as applicable.

2.3. Record Keeping

2.3.1 Registered intermediaries shall ensure compliance with the record keeping requirements contained in the SEBI Act, 1992, Rules and Regulations made there-under, PMLA as well as other relevant legislation, Rules, Regulations, Exchange Bye-laws and Circulars.

2.3.3 Should there be any suspected drug related or other laundered money or terrorist property, the competent investigating authorities would need to trace through the audit trail for reconstructing a financial profile of the suspect account. To enable this reconstruction, registered intermediaries shall retain the following information for the accounts of their clients in order to maintain a satisfactory audit trail:

- a) the beneficial owner of the account;
- b) the volume of the funds flowing through the account; and

2.5. Retention of Records⁴

2.5.1 Intermediaries shall take appropriate steps to evolve an internal mechanism for proper maintenance and preservation of such records and information in a manner that allows easy and quick retrieval of data as and when requested by the competent authorities. Further, the records mentioned in Rule 3 of PML Rules have to be maintained and preserved for a period of five years from the date of transactions between the client and intermediary.

2.5.2 As stated in sub-section 2.2.5, intermediaries are required to formulate and implement the CIP containing the requirements as laid down in Rule 9 of the PML Rules and such other additional requirements that it considers appropriate. 2.6.2 The intermediary shall pay special attention to all complex unusually large transactions / patterns which appear to have no economic purpose. The intermediary may specify internal threshold limits for each class of client accounts and pay special attention to transactions which exceeds these limits. 2.12.2 Employees' Training:

2.12.2.1 Intermediaries must have an ongoing employee training programme so that the members of the staff are adequately trained in AML and CFT procedures. Training requirements shall have specific focuses for frontline staff, back office staff, compliance staff, risk management staff and staff dealing with new clients. It is crucial that all those concerned fully understand the rationale behind these directives, obligations and requirements, implement them consistently and are sensitive to the risks of their systems being misused by unscrupulous elements.

2.12.3 Investors Education

2.12.3.1 Implementation of AML/CFT measures requires intermediaries to demand certain information from investors which may be of personal nature or has hitherto never been called for. Such information can include documents evidencing source of funds/income tax returns/bank records etc. This can sometimes lead to raising of questions by the client with regard to the motive and purpose of collecting such information. There is, therefore, a need for intermediaries to sensitize their clients about these requirements as the ones emanating from AML and CFT framework. Intermediaries shall prepare specific literature/ pamphlets etc. so as to educate the client of the objectives of the AML/CFT programme.
